

Tennis Volunteer Community

A Facebook community group for anyone who volunteers within a tennis venue including tennis clubs, parks, universities and schools.

A friendly, safe and open platform to share ideas, knowledge and best practice and to ask and answer questions relating to the running of a tennis venue.

The community is 100% volunteer-led and self-regulated, supported by a team of 'Community Champions' who will help generate discussion and offer peer to peer advice and signposting.

The purpose of the community is to help volunteers connect with one another and seek mutual support. The group is set up by the LTA to encourage volunteers to connect, but is not a forum to obtain direct LTA support.

"I was chairman of Radlett lawn tennis club for 6 years. We worked to improve our facility and every aspect of the club.

Around the country there are so many volunteers at venues doing amazing jobs. Now is the time for us all to share and help each other grow British tennis. We can all be a resource to help each other.

Please join now, tell others who may be interested and help us all make clubs and venues even stronger"

Simon Spalter, Community Champion and Founder, Tennis Volunteer Community

Please note if you are not on Facebook, just email us and you can join our Q and A sessions, our "virtual coffee" sessions and our live events. Please also contact Simon if you have any questions: tennis@eceltd.co.uk
